Sagicor Bank Enjoys Remarkable Client Uptake in First Year

The mission of Sagicor Bank (Barbados) Limited is to transform banking in the Caribbean one country at a time by providing customers with comprehensive and less costly banking services while making these banking services very easy to access.

From an onboarding-account opening process that usually takes less than ten minutes to significantly higher rates of interest on deposit accounts, Sagicor Bank constantly strives to provide a superior customer experience. We are always on and ready to serve customers, with real time processing of transactions and no end of day processing delays.

Sagicor Bank is also a wholly owned subsidiary of Sagicor Financial Company Ltd., and able to leverage the financial support and vast experience of its parent. We are proud to be part of the Sagicor Group of Companies. Sagicor Bank's capital levels remain strong given the support of its parent, Sagicor Financial Company. The bank's plan to achieve operating profitability is on target.

Sagicor Bank commenced operations on March 9, 2023. Its operations in 2023 were focussed on attracting customers and deposits. At the end of 2023, Sagicor Bank had over 11,000 customers and in excess of BDS \$80 million in deposits. Both new customer additions and deposit levels continue to increase at a robust rate. The Sagicor Bank rate of growth in both customers and deposits compares favourably against other start up banks globally.

The focus on customer acquisition and deposits was necessary to build critical mass for the commencement of lending operations. Lending operations commenced late in the third quarter of the fiscal year but given the short duration of these activities in 2023, the impact on 2023 financial results was modest. For 2024, a full year of lending and investment activities are expected to have a more significant, positive impact on financial results.

Sagicor Bank is ISO 27001 and SOC2 Phase 1 and 2 certified, which are internationally respected cybersecurity frameworks. Our strategic investments in cutting edge cloud technology, cybersecurity compliance, and Software as a Service(SaaS)/Platform as a Service(PaaS) cloud services have set new standards in operational efficiency and security.

We are grateful for the continued support of our customers and their belief in our vision that banks should deliver more and more value through continuous product and service innovation. Although still only at the beginning of our journey, we are confident and excited about our ability to realize our vision and the significant benefits that will be delivered to our customers.
